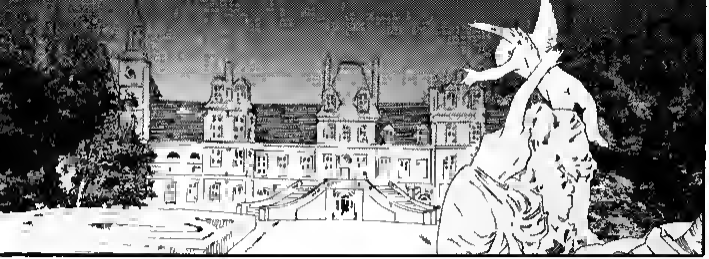
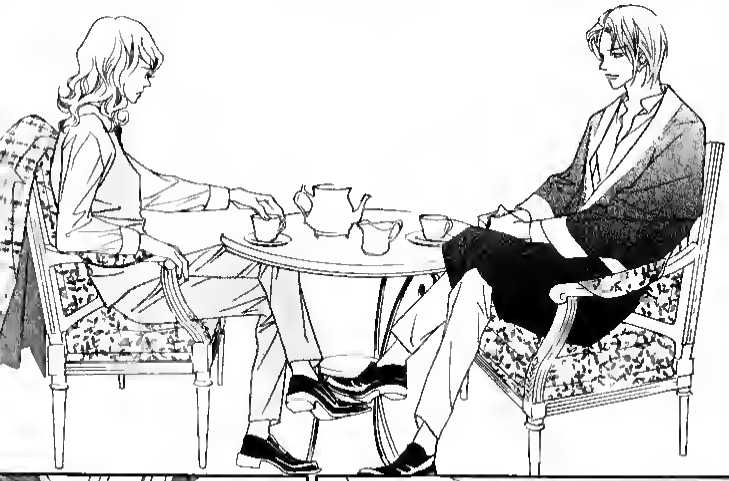
Doctor
Will she make it ?
The wound is not critical.
Well ...
She may have experienced trauma.
When will she wake up ?
She may not gain consciousness for a while ...

Doctor
I want you to keep this secret.
Including that the patient is a female ?
Even to my brother
I beg you.
Do you know that the whole house is on alert because of your disapperance ?
Especially, your brother is worried very much. He's worried that you might be left alone after a seizure

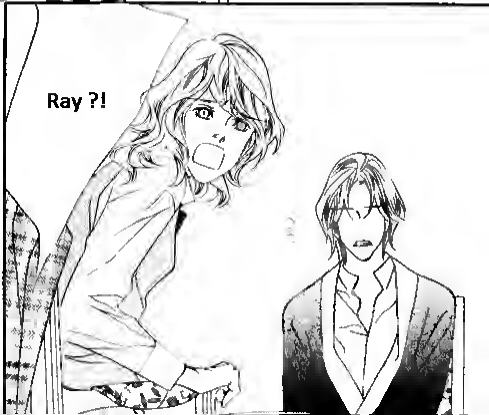
I want you to come with me and tell your brother that you are safe and sound.
.....
I understand.
Give me a moment to prepare.
똑똑똑

?
I will be back shortly.
Don't enter that room until I come back.
Pardon ?
I understand.





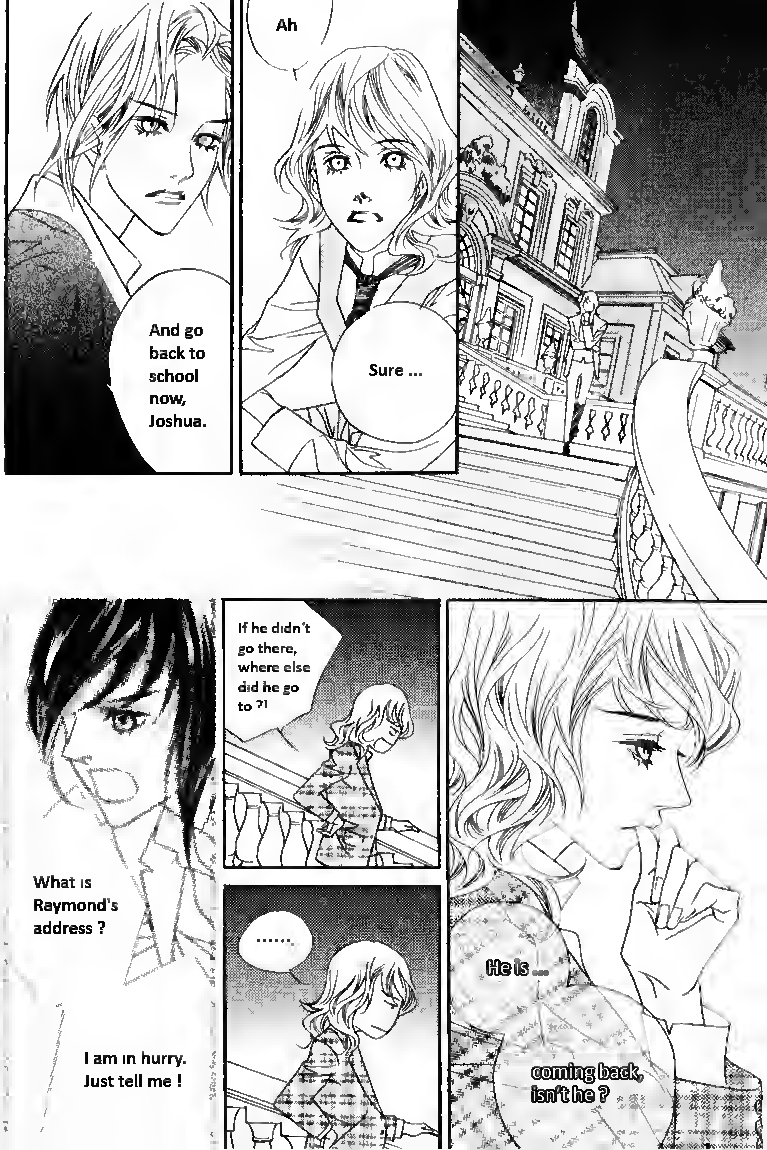
Your brother is back, sir.



Ray ?!

Ray !
Where have you been ?!
Everyone was out looking for you !
Joshua ?
Why are you here ?
Are you hurt ?
No...
Sorry for the troubles I am fine
Good then.

Have you seen Jeremy by the way ? He looked like in rush and left the school this morning He asked for your address and looked like going away afar.
Have you met Jeremy ?
Ah ...
Well ...
No, I did not
Yeah ?
Tha's weird. He looked really desperate though ...
Tomorrow is the day.
Let's sleep early today.



Ah
And go back to school now, Joshua.
Sure ...
If he didn't go there, where else did he go to ?!
What is Raymond's address ?
I am in hurry. Just tell me !
.....
He is ...
coming back, isn't he ?

I am sure he is coming back ...

A wounded boy was carried in.
The wound seemed serious and there was a lot of loss of blood.

I think it's a gun-shot wound.

Anything to report ?

You can go rest now. I will look after the patient.

You have the key to mother's room on 3rd floor, don't you ?
Bring it to me.
Yes, sir.

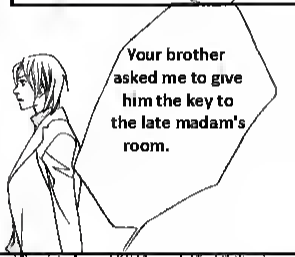
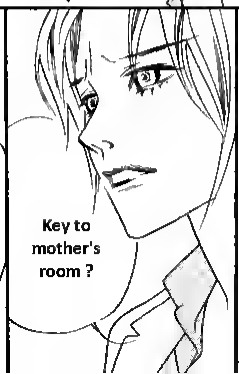
Hubert.
Where is Ray ?

Good timing ! Very good timing, sir!

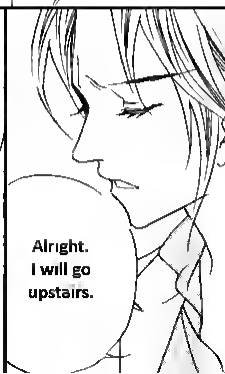


Your brother asked me to give him the key to the late madam's room.

I am worried, sir.
I feel like I shouldn't have.



Key to mother's room ?



Alright. I will go upstairs.

Ah
How is the patient ?
The patient seems stable. But I don't too well, sir.
Only your brother has been taking care of him.
And he has locked the door when he left, so I haven't seen the patient ever since he was carried in.

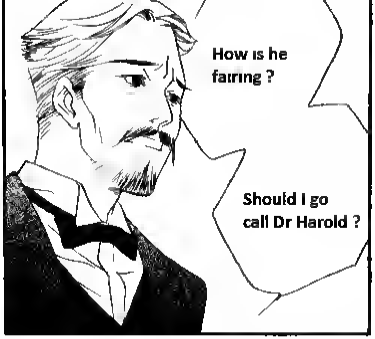
So, you've recalled, Ray.
I had hoped that you would never ...
Even though I get to see [illegible] seizures every year, I wanted, you not to remember the memories.

How did it go, sir ?

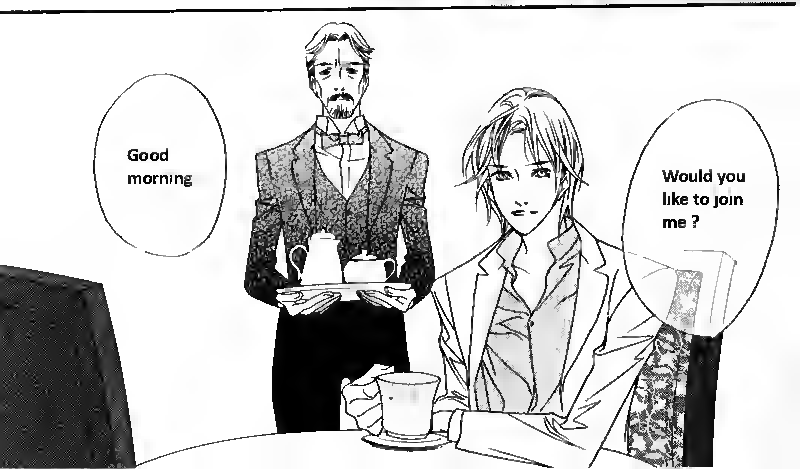


How is he fairing ?
Should I go call Dr Harold ?

I don't think we need Dr Harold anymore.
Pardon ?

He has finally
Confronted his sin.

Brother ?



Good morning
Would you like to join me ?

The patient you brought in.
Is it Jeremy ?
How bad is he ?
... He will survive.
But he is unconscious right now

I can send maids to look after him here.
Let's go home now.
No, I will look after him.
I said I would send maids, or is there a reason that you have to look after him ?

While I was out looking for you,
I encountered the one who shot Jeremy.
He demanded me to send Jeremy to him and threatened me that he'd go after us if we didn't.
And he claimed that he had sufficient powers behind him to do so.
JANIMES.COM

Ray -
Jeremy is dangerous.
It's not hard to tell since someone like him is after him.
Let's just leave this matter to the police.
And we should get our hands off this case.

I cannot do that.
His life is in danger.
You are more important than Jeremy to me.
We don't know what his story is and why a man is after him. Going to the police might make his situation more complicated.
I will not endager you under no circumstances.
You are in love with Jeremy, aren't you ?!
How can you be so calm at a time like this ?!
You know it's going to be dangerous for him and you insist to bring him outside ?!

That's enough !
I've never had feelings for him.
Even if I did, nothing is more important than you for me.
Your statements like that make me feel so suffocated !
I feel like you are sacrificing everything for me and that drives me crazy !
I am not a kid who couldn't even accept mother's death anymore !

Stop treating me like a glass vase !
... Fine.

I will stay with you until Jeremy recovers.
That is as far as I am backing off. I will not back off any more than that.
If you still insist something else, I am going to take you home by force.

Hey
Can I talk to you ?

Just tell me where you confronted the boy who impersonated Jeremy.
Why don't you do your job and find out on your own ?

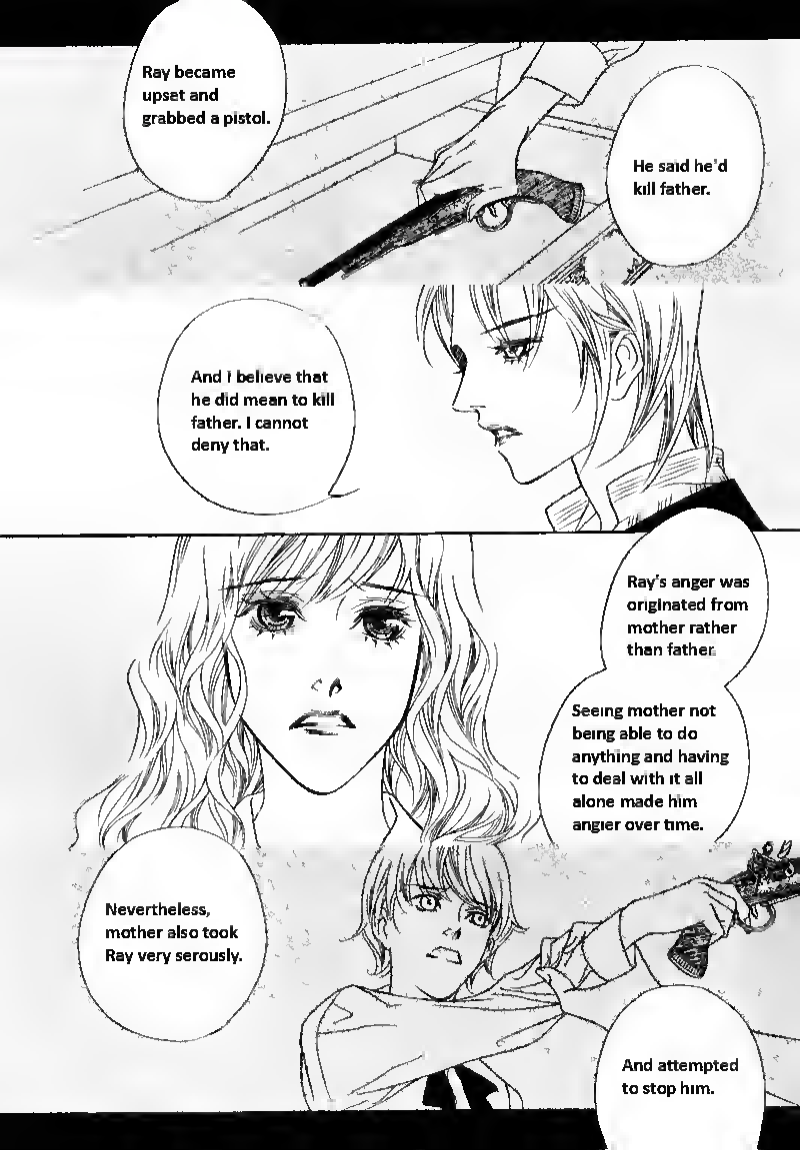
He killed his mother.
Ray thinks...

But the truth was that it was an accident.
I have to point out that I wasn't there to see the event.
According to a maid who was passing by and saw it happen -
Mother was, as usual, suffering from father's bad habit of having other women in his bed.



Ray became upset and grabbed a pistol.
He said he'd kill father.
And I believe that he did mean to kill father. I cannot deny that.
Ray's anger was originated from mother rather than father.
Seeing mother not being able to do anything and having to deal with it all alone made him angier over time.
Nevertheless, mother also took Ray very serously.
And attempted to stop him.

His anger became only bolder when he saw his mother trying desperately to stop him.
While they wrestled, the gun misfired
I cannot deny that Ray was the cause of mother's passing
But mother was arleady ...

slowing dying...
bit by bit spiritually.
But of course, to Ray, he killed her.
No matter how many times others told him that it was an accident, he refused to believe.
i felt that, in order for him to know the value of his life,
He must carry responsibility like taking over our family business.
He must deal with responsibilities and realize that there is a world outside of his confined self.

We've been looking for a girl of 14 ~ 16 years old.
But it's not easy.

We have no solid information about her; her name, hair color .... everything is uncertain.
